MEMORANDUM FOR: Executive Officer to the DDA

FROM:

STAT

Director of Communications

SUBJECT: Official Transportation During Snow Emergencies

REFERENCE: Your Memorandum, Same Subject, Dated 19 Nov. 1982

This Office has reviewed its transportation needs during snow emergencies and does not feel any assistance will be required for our essential personnel. For instance, the Signal Center, which works around the clock every day of the year, would merely keep a shift on extended duty rather than have one brought in.
